MSc Information Technology at the University of Stuttgart

12.10.2018

Full DAAD scholarship for three top GUC graduates

Dear Students,

I am writing to inform you about the opportunity to apply for a two-year master's program in Information Technology (INFOTECH) at the University of Stuttgart in Germany. Next year, we will for the first time be able to offer *three* full DAAD scholarships to top GUC graduates.

INFOTECH program

This interdisciplinary program is taught in English and offers a unique blend of computer science and electrical engineering courses which are complemented by non-technical courses. The four areas of specialization are Communication Engineering and Media Technology, Embedded Systems, Micro- and Optoelectronics and Computer Hardware/Software Engineering. **Applications** can be submitted online **from November 15th, 2018 until February 15th, 2019**. The program starts on October 1st, 2019. For further information please consult <http://www.uni-stuttgart.de/infotech/>.

DAAD scholarship

In April 2019, top GUC graduates admitted to the Infotech program will be invited to apply for the full DAAD scholarship which pays **850€/month for a maximum of 24 months**. The three scholarships are awarded primarily on the basis of academic merit. Motivation and previous experience in Germany, however, are also taken into account. The results will be announced in May or June 2019.

Please note that since October 2017 all new international degree students from non-EU countries have been required to **pay tuition fees of 1.500€** per semester, i.e. 3.000€ per year. Scholarship holders cannot not be exempted from the payment of this fee.

If you have course-specific questions, please contact INFOTECH course director Dr.-Ing. Emna Eitel, +49-711-685-67822, office@infotech.uni-stuttgart.de .

For questions concerning the DAAD scholarship, please contact me.

I am looking forward to hearing from you.

Yours sincerely,

 **Universität Stuttgart**
